Popsicle Stick Menorah

👧 Age 4+ | ⏱ 30 min | Level: Easy ●○○

What you need

- [ ] 9 popsicle sticks
- [ ] Blue and white paint and a brush
- [ ] Yellow paper
- [ ] A cardboard rectangle (about 25×12 cm / 10×5 in)
- [ ] White glue

How to make it

1. Paint the popsicle sticks – alternating blue and white – and let them dry.
2. Glue 8 sticks in a row on the cardboard, evenly spaced.
3. Glue the ninth stick – the shamash – in the middle, a little higher than the rest.
4. Cut 9 flames from yellow paper (a teardrop shape) and glue one on top of each stick.
5. Each night of Hanukkah you can “light” another candle: glue on the flame only on the right night!

💡 **Tip:** Want it to stand? Glue a small cardboard triangle to the back as a stand.
